

Working together to ensure foster youth thrive, not just survive.

Giving Circle Levels & Benefits

CASA Sacramento's Giving Circle consists of our supporters who make a recurring monthly donation of any amount. As a Giving Circle member, your tax-deductible gift makes a tremendous difference in our ability to match Sacramento County's most at-risk foster youth with advocates. At the same time, consistent monthly donations help us to better manage our program and maximize the dollar value of your contribution. Studies show a CASA volunteer can often spare youth months, or even years, in foster care; a powerful impact of your investment in our program. You can choose how to have your monthly gift charged - to your credit card (through our website - <http://bit.do/Donate2CASASac>), automatic bill pay, PayPal, workplace giving campaign (such as United Way) payroll deduction, or a hard copy check.

\$1,500/year (\$125/month) and up: Circle of Hope

- Circle of Hope wall recognition in the lobby of our office
- personal testimonial and special recognition on "Giving Circle" web page and on social media
- Circle of Hope member recognition in our bi-monthly eBlast newsletters with a different member's testimonial featured in each
- thank you lunch with our Executive Director, Carol Noreen
- invitation to attend one of the quarterly new CASA advocate swearing in ceremonies

- invitation to attend a year-end donor recognition reception

It costs us approximately \$1,500/year to support a single volunteer advocate. The majority of our youth are transition-age (14 – 17 years) or non-minor dependents (18 – 21 years in extended foster care). A gift of \$125/month enables a CASA volunteer advocate to help a youth adjust to new placements, finish high school, explore advanced education and career opportunities, secure housing and become productive members of our community.
