

MAKING
Memories

Zach's Story

Zach is a senior in high school and has been practicing with the varsity high school football team. Due to poor grades, he needed to work very hard to get his GPA up to qualify to play on the team. After months of hard work, he was not just qualified to play, but he made the Honors list!

In order to become a full member of the varsity football team and play in games, he was required to purchase the “Spirit Pack”, which includes cleats, pads, mouth guard, practice shorts, practice shirts and the game day uniform. *Zach's* foster family did not have the funds to cover this large expense. *Zach* had planned to save for the needed gear out of his meager earnings from being employed 10 hours a week at CVS.

Making Memories was able to help cover these costs. *Zach* was able to play varsity football his senior year of high school and create lasting relationships with his coaches and teammates!

**Actual name and photo of foster youth has been changed*
